

Milwaukee Blower Gutter Attachment

RMW49-16-2790

Details

The Milwaukee Blower Gutter Attachment is designed for use with the MILWAUKEE M18 FUEL Dual Battery Blower (2824) and the M18 FUEL Blower (3017). Our blower gutter attachment provides over 8 feet of extension to reach single-story gutters. The 360-degree elbow rotation optimizes airflow to remove leaves and debris from gutters. The threaded connections allow for fast and secure assembly of each piece of the attachment.

- Compatible with the M18 FUEL Dual Battery Blower (2824) and the M18 FUEL Blower (3017)
- 360 degree elbow rotation to blow debris in any direction
- Over 8ft. of extension - Clear first story gutters
- Threaded connection - Fast, secure adjustments
- Includes: one blower gutter attachment
- Length: 27.2in
