

Rain Bird Esp-Me 3 Station Module

RGF38200

Details

With 4 to 22-station scalability, the ESP-Me helps you better serve your customers. Install the same controller on residential and light commercial sites - the more stations you add, the more you save, providing you and your customers with more value for your money. Best of all, you can upgrade existing ESP-Me installations by simply installing a new WiFi-compatible front panel and LNK Wifi Module, without having to replace the entire unit. Make your controller SMART with EPA WaterSense certification by adding the LNK WiFi module and a WR2 rain sensor.

Specifications

Manufacturer	Rain Bird
Box Quantity	24
Package Quantity	1

Japan Equipment

123 Main St. Apartment 12 Tokyo, 100-0001
