

Crackshot Shin Guardz

RP2927

Details

CrackShot Shin Guardz are designed to protect the operators of lawn mowers and string trimmers from cutting debris ejected toward the operator's feet and lower legs. Shin Guardz covers the front and sides of the shin, front of the ankle and metatarsal area of the foot and is secured in place with 1-inch polyester straps and quick-release buckles. Cool and comfortable. Ideal shin guard protection for landscaping, construction, arborist, hunters, utility, industrial, municipalities and snake protection. Weigh only 7 ounces each. Impact tested to ASTM1342-05 Standards and meets California Technical Bulletin #117, Section E, CS-191-53 flame-retardant specifications. Forest Green. One size fits all. Made in U.S.A.
