

Flagpole - 20ft Telescoping w/Flag

RP8695

Details

This maintenance-free 20 ft. anodized finish 16 ga aluminum flagpole installs easily into a simple ground sleeve. Polycarbonate bushings allow the telescoping sections to slide into place smoothly and automatically with no twisting or searching for locking holes. Polycarbonate swivel rings allow flags to attach easily, fly freely in the wind with no tangles or knots, noise free, rope and pulley free. Fly 2 flags or fly a flag at half mast with the double flag harness. Press the release button to lower. Gold ball top ornament. Durable 16 gauge aluminum. Never needs painting, won't rust. Pole extends to 20' in 10 seconds! Portable. Includes 3' x 5' U.S. flag with sewn stripes and embroidered stars.
