

Victor Electronic Rat Trap R2888

Details

Rid your area of rats, field mice, voles, chipmunks, and ground squirrels. Rodents are quickly killed with a deadly high-voltage shock as they step on the metal kill plates inside the tunnel design trap. Bait with peanut butter from outside trap. Green indicator light on top alerts a rat has been killed. Disposal is clean and easy. Four "C" batteries will kill 12 rodents. Poison-free.

- High voltage metal plate
- Quick kill
- Indicator light alert
- Clean and easy disposal
- Requires 4 "C" batteries
- Poison-free
