

Corona Extendable Duallink Bypass Loppers - 29.5in - 37.5in RCSL4364

SHOCK GUARD™ BUMPER
REDUCES SHOULDER FATIGUE

LIGHTWEIGHT STEEL CORE HANDLES
EXTEND TO 37"

Details

Get the job done faster and easier with longer reach, boosted power and reduced effort using the DualLINK extendable lopper with Comfort GEL grips. Enjoy maximum power cutting performance for limbs up to 1-3/4in. with a non-stick blade and large opening hook. Strong, trapezoid steel handles extend 29.5in to 37.5in. to make your reach easier and the job faster. The reduced handle opening makes the job easier with less work and more power. The ShockGUARD bumper system is designed to reduce shock and arm fatigue.

- Strong, trapezoid steel handles extend 29.5in to 37.5in
- Power SOURCE cutting action for limbs up to 1-3/4 in.
- Non-stick blade with large opening hook
- Extreme comfort grips
- ShockGUARD bumper system
- Reduced handle opening for less work and more power
