

Feit LED Flashlight - 500 Lumen

RET72384

Details

This ultra-bright, high-performance LED tactical flashlight features two brightness levels, 500 or 170 lumen, providing a run time of up to 9 hours 45 minutes. Slide the head out to zoom in on objects up to 600 feet away, then slide head back to widen the beam for normal flashlight use. This flashlight is water and impact resistant and features a tactical strike bezel to break glass during an emergency. Weather-resistant in rain, snow, or use for emergency use. Constructed of aircraft grade aluminum alloy with a rust and corrosion preventative coating. Wrist band included. Powered by 3 AAA Cell batteries, not included.
